LETTER OF RECOMMENDATION

To Whom it May Concern:

I am pleased to write a letter of recommendation for Mr. Mateusz Suwara.
quimiCer Polska has been cooperating with Mr. Suwara since 2007.

Mr. Suwara has presented a very high level of service and showed a great flexibility in reacting to the needs and expectations of our students.

The classes take place at our company. The curriculum and the methods of teaching are fully suitable for our students. He selects the materials depending on the level of English and interests.

What is more, the atmosphere during the classes encourages our students to do their best and guarantees the realization of their goals i.e. to speak English in a communicative way.

I recommend Mr. Suwara to you without any reservation.

Sincerely,

Jose Luis Garcia
